

# Calculus Extra Credit for Second Six Weeks

- Pick a college or university
- Find the course name/number for Calculus 1 (for example, Math 1204 at my alma mater)
- Find as many as possible (at least twenty-five) majors that require calculus 1.
- Research and find out if your school accepts AP scores.
- If they do accept AP scores, what score must you make to get credit?
- Create a PowerPoint, youtube video, prezi, blog, glogster, poster, etc. of your data to be presented to your teacher. **The more creative you are the better!**
- Due Nov. 1 before 4:00
